

Family Worship

Coming Into God's Presence

-Take some time prior to 10AM to quiet your heart and mind. Ask the Lord Jesus to fill you with the Holy Spirit. Thank Him for the His attributes and then give Him thanks for the gift of today.

-Join the service at 10AM on Facebook <https://www.facebook.com/Covenant-Presbyterian-Church-550292735011302/>

*If you are unable to join us then I would suggest the following:

Coming Into God's Presence

-Read John 1:1-9. Choose a family member to do this.

-Pray – let each person tell God what they are thankful for or choose a characteristic of God that they want to praise Him for such as His love, His sovereignty, His grace etc.

-Sing (don't pay attention to the quality, but sing from the heart). If you feel uncomfortable about singing without instrumentation then read out loud the words of your favorite hymn or song.

Sharing the Lord's Work

-Pray for others – make a list of things in the world, people who need God's help, joys that you have, ministries in our church family that are important to you (another family member's job).

-Set aside a time of giving – resources and/or time & talents. Could be simply written on a piece of paper so everyone can be included.

Listening for God's Word

Read Revelation 22:12-17 (Sunday, December 1). This can be a different family member.

Responding to God's Word

-Provide the opportunity for each family member to tell what they got out of the passage or have a group discussion using the questions provided.

-Pray that the Lord of All will help you apply what you have learned.

Following the Lord of All into the World

-Ask for the Lord's blessing for one another.
